2019 We've Moved!

Health Care Network has a rich, 32-year history of providing those in need with crucial healthcare services. After a wonderful 27 years at 904 State Street, we are proud to announce our relocation to 500 Wisconsin Avenue. Beginning in June 2018, we launched our *Building A Healthier Community* Capital Campaign that received astounding support from our community; and, in just 19 short months, we are gratified and incredibly proud to announce that **we have reached 100% of our goal.**

It was a busy and chaotic year spent organizing our move. Renovations of the new space began in March 2019, through which we were able to obtain the exact building needs of our organization. We now have the perfect clinic: three medical exam rooms, two dental operatories, a dental laboratory, a medication dispensing room, a social services office, and plenty of office and storage space for our staff. Between assisting patients and advocating for our organization, our staff packed up boxes and movers filled their trucks. The week of August 12th to August 16th was spent putting up cubicles, moving in furniture, and getting accustomed to the new facility. We officially began welcoming patients and volunteers on August 19th, and we hosted a Grand Opening celebration on October 31st.

This move is a huge milestone for our continuing success and development as an organization, and we could not have done it without the considerable generosity of our many supporters.

A LOOK BACK

Building Under Construction

Congratulations to Dr. Kontra who retired in December 2018! Dr. Kontra graciously donated lobby chairs, desks, and many other office supplies for our new location. Our space wouldn't look the same without his support!

This year, we welcomed a new provider to our Waterford Clinic – Registered Nurse Rebekah Shellberg! Thank you, Rebekah, for dedicating your time to Health Care Network's mission! We also welcomed new community providers Erin Ellsworth NP, Lora Schultz Reinders LCSW, Irina Ciubotaru MD, Arman Ciccic DO, Carrie Downey MD, Michelle Gionti DDS, Syed Hussain MD, Travis Lepera DMD, Cody Nelson DDS, Brian Watkins DDS, Michael Young MD, Nathan Boren MD, Rhodora Khan NP, and Nathan Berg CCC-A. We appreciate having you on our team!

We are incredibly thankful for yet another year of funding from the J. Vernon Steinle and Elmyra K. Steinle Foundation. We couldn't provide all of our services without their long-term support.

In March, our Groundbreaking event marked the beginning of renovations at our new facility! What began as an overwhelming renovation project has rapidly become the beautiful suite we now call home.

We are privileged to be a United Way of Racine County Partner Provider, and we were awarded a fantastic \$88,800 in funding for the 2019-2020 program year.

Guests at the Groundbreaking Event

Our Backyard Bash in June was our most successful fundraising event to date! Betsy Ade and the Well-Known Strangers gave a fantastic performance, and the event brought in over \$60,000 in donations for Health Care Network!

The Racine Community Foundation provided our organization with \$20,000 for medications. With the rising costs of prescription medications, this funding is invaluable to continuing our prescription-assistance program.

Roma Lodge donated \$10,000 in support of our Capital Campaign from the proceeds earned from their Italian Fest in July. This donation was matched by the All Saints Foundation!

AT THIS YEAR

August 19th marked the first day open to the public in the new building.

Health Care Network welcomed Melissa Marting, our 2019-2020 Americorps VISTA volunteer. Melissa is on a gap year from her undergraduate studies at UW Parkside and is interested in studying medicine. She has been an invaluable member of our staff, and she has been working endlessly on many projects that will benefit the development of our organization!

A huge thank you to the Racine Dominican Mission fund for their continuous generosity and financial support!

Sienna Hirsch, a senior at Carthage College, joined our team in September as a Social Work Intern! She has been working alongside our clinical social worker Bridget Diaz and has spent much time meeting with patients to explain the social services offered at our organization. She has been an indispensable addition to Health Care Network!

With over a year of providing social services directly at Health Care Network's clinic, we thank the Wheaton Franciscan Sisters Ministry Fund for providing the funding to administer these services!

On October 31st, Health Care Network hosted our Grand Opening, welcoming all of the community and our supporters to the new clinic. A successful event it was, with a delightful ribbon cutting ceremony performed by RAMAC and excellent food donated by an anonymous sponsor! Guests were able to tour the facility, meet our staff, and network.

Health Care Network is proud to welcome the newest members of our staff, Flora and Crystal! Flora is a Health Coordinator, working directly with patients and ensuring the utmost quality care. Crystal has started in a brand-new position as the Clinic Manager and oversees our clinic staff!

Congratulations to Leslie Kallenbach, who is retiring from her position as Program Coordinator this December. Since April 2012, Leslie has been a treasured member of our staff. We will miss her greatly, but we wish her all the happiness in her retirement!

Community Impact

Health Care Network measures the impact of its services through monitoring patient improvement as well as the positive effect the program has had on the community at large. The goals of our programs are for patients to integrate healthy lifestyle habits into their daily routines and to establish measurable skills in safety and health. We are proud to report that in the past year...

83%

of patients suffering from diabetes and hypertension maintained or improved blood pressure readings and fasting blood sugar/glycohemoglobin (A1c) levels.

71%

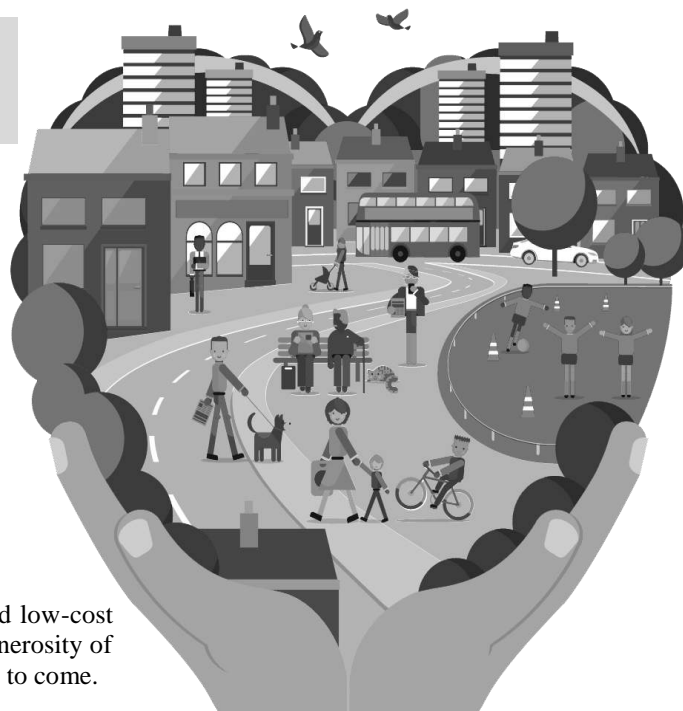

of patients enrolled in our diabetic education program decreased their A1c within 6 months.

91%

of all dental patients demonstrated acceptable prophylactic oral care as evidenced by the oral health exam.

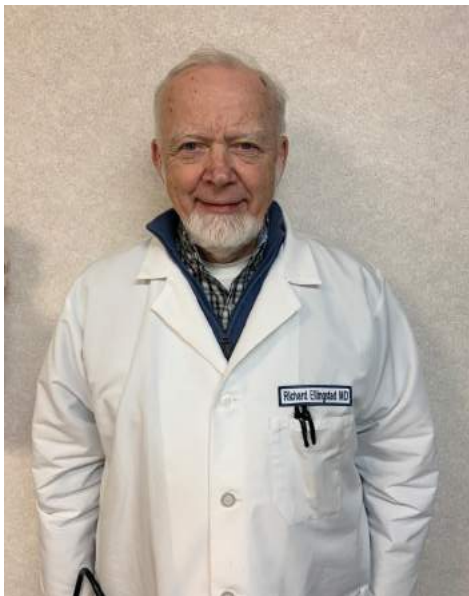

\$5

of medical and dental services provided for every \$1 in donations.

Health Care Network is pleased to be able to continuously provide free and low-cost services to the uninsured members of our community. It is thanks to the generosity of our donors and volunteers that we may continue our mission for many years to come.

In Their Own Words

Dr. Richard Ellingstad
Volunteer MD

Practicing medicine since 1968, Dr. Ellingstad sees patients at our Waterford clinic. He says that all patients are his favorite patients, and that while he's always held altruistic values and beliefs, volunteering for Health Care Networks allows him to express those beliefs and give back to the community.

Alice Campbell
Volunteer Interpreter

Alice translates for our Spanish-speaking patients in Waterford. A retired nurse, she spent 14 years in Guatemala mastering the Spanish language. Since volunteering, she's learned that many Spanish speakers in the community are learning English from their children; and, she hopes one day there will be no need to interpret at all!

Judy Ostermann
Dental Coordinator

Judy loves her job at Health Care Network. She explains, "Providing for the needs of others is a vital part of Health Care Network's mission. It gives me a great deal of satisfaction in knowing that we helped someone with their overall health. The smiles on their faces say it all."

Alice Serratos
Health Coordinator

Alice worked for another healthcare facility for 20 years and was looking for a change. After hearing about Health Care Network's mission, she knew it was the place for her. "It touches my heart to see a community come together in volunteering and donating for the well being of others," she says.

Vickie Shellberg
Health Coordinator

Vickie is the one-woman show that runs our Waterford clinic. "While an obstacle is that most of our patients are Spanish speaking and not many of our providers are," she says, "volunteer interpreters like Alice are essential to the clinics. Without them, we would not be able to do it."
